

Testimonials by previous participants

During the events since 2009, many productive and lasting contacts have been established between researchers and entrepreneurs from North Rhine-Westphalia and other parts of Europe. That's why our participants are keen to meet in Düsseldorf each year as part of their proposal preparation for Horizon 2020.

Melanie May
Head of Payer Affairs and
Managed Care
HGC GesundheitsConsult GmbH

"The event's format is very interesting with lots of pitch presentations and great opportunities to discuss international innovation projects both with potential partners as well as competent consultants."

Prof. Dr. Michael Bongards
Faculty for Computer Science
and Engineering Science
Automation - Energy and
Environment

"I and my team use the platform to find new international contacts or deepen existing ones. It's an excellent starting point for technology partnerships and funding proposals, especially for Horizon 2020."

Successful R&I in Europe 2018 9th European Networking Event

For the ninth time, the conference invites researchers and entrepreneurs from North Rhine-Westphalia and regions in Europe and beyond to find new research and innovation (R&I) partners for Horizon 2020 projects. The series of events has been a great success with over 2300 participants since 2009. In 2018, special partner regions are: Austria, Belgium, Finland, France, Israel, the Netherlands and Poland.

Call for Presentations

Participants are invited to become involved in established and new technology networks between researchers, entrepreneurs and multipliers. Giving a short presentation (ideas and/or results) or finding a partner by talking to other decision-makers opens doors for new research and innovation projects in Europe with a focus on Horizon 2020.

Call for presentations (ideas and/or results) is open until

**20 February 2018 under
